From SHRI MATAJI NIRMALA DEVI

To CHRIS KYRIACOU

Your message about the admirable work done by a group of Sahaja Yogis, assisted by Australia in Myanma has heartened me greatly. I am confident that now Sahaja Yoga will spread rapidly in that beautiful country and that normal conditions in the governance of the country will be restored soon.

This is the kind of initiative which pleases me greatly. You have now accomplished it in a new country so well. My love, blessings and congratulations.

C.P. is as happy as I am and joins me in sending this message.
